

KEY ACHIEVEMENTS OF:

POWER UP PHOENIX

PARTICIPANTS FOUND THE TRAINING FUN AND USEFUL

All the participants said not only did they find the information and skills useful for themselves and their friends and family households, they found that they really enjoyed helping other locals save energy and money.

CHAMPIONS HELP IDENTIFY £11.5K WORTH OF SAVINGS

Over several sessions of running energy advice desks participants help identify over £11,500. They saw 28 locals and 20 of these were fellow Phoenix community Housing tenants and leaseholders.

PARTICIPANTS KNOWLEDGE, CONFIDENCE AND SKILLS IMPROVED

Feedback from participants shows that respondents felt key areas increased including green behaviours, energy know-how but also communication and interpersonal skills.

COMMUNITY ENERGY CHAMPIONS

Participants learnt about energy efficiency in the home to save energy and money including benefits of everything from LED lighting to insulation. They also learnt about boilers and grants.

CONNECTING WITH THE LOCAL COMMUNITY

Demystifying energy issues for clients especially ones with older or vulnerable people living in them was rewarding. 46% of clients were told about the £140 Warm Homes Discount off energy bills that has to be applied for every year.
